Oysta Lite LW

- Status alerts
- One-touch SOS Button
- Location updates
- Handsfree, two-way voice calls
- Automatic reporting
- Waterproof - works anywhere

Oysta Technology lead the way in the provision of lone-worker technology. Oysta lone worker solutions, specifically designed to track activity, locate, and connect lone-workers in need to 24/7 assistance, are relied upon by organisations from all industry sectors throughout the UK and Europe.

Introducing the Oysta Lite

Designed for everyone who performs activity without close or direct supervision of others, the Oysta Lite is an autonomous lone worker solution that combines powerful tracking technology within a small easy-to-use handheld device.

Offering high quality voice communication, programmable LED indications and a long running battery,

Carrying CE and ROSH certifications, the Oysta Lite satisfies legislation for lone worker safety and protection.

Including GPS, LBS and WIFI positioning for accurate location information, the Oysta Lite provides a reliable lifeline for those working independently from a wider team.

The device

Small, versatile and easy to use, the Oysta Lite can be carried in a pocket, on a keyring, or worn on a lanyard. Due to its size the Oysta Lite is used for low-risk lone workers.

Key features & benefits

Two-way, handsfree voice communication

Putting the user in contact with a real person, the Oysta Lite features built-in speaker phone for handsfree communication in times of crisis.

One-touch SOS button

When in need of assistance or in a crisis situation, the SOS button summons help quickly. Sending location details to the control room, automatically opening two-way, handsfree communication with an Operator.

Status alerts

Enabling management teams to know when the device is turned on/off and charging/battery levels. Optional 'no activity' feature, to detect if the Oysta Lite is not being worn or used.

Location updates

Live location information to enable rapid response. The IntelliCare platform gives management teams a map of device location and recent travel.

Management reporting

Via the IntelliCare platform, data collected via the Oysta Lite will be collated to produce live/historical information to inform risk analysis.

Automatic reporting

Set service start/end time and GPS location interval (cycles). The Oysta Lite automatically reports its position to the Oysta platform providing travel history.

Waterproof

IP67 Waterproof, the Oysta Lite is resilient and suitable to all work environments.

Simple and discrete to wear

The combination of its small size and easy operation, make the Oysta Lite a powerful yet inconspicuous tool for the lone worker.

The IntelliCare platform

The Oysta Lite provides huge benefits to organisations and their high-risk workers, thanks to Oysta's powerful IntelliCare platform.

Via the Oysta Lite, dispersed staff have the means to check-in, communicate and initiate help in routine or emergency situations. IntelliCare collects and presents this live intelligence providing insightful information for management teams.

Using the IntelliCare platform, managers of lone workers can:

1. Accurately see the location of the employee, now or over time, initiate a call or update devices.
2. Generate reports and graphics by time, and over some or all lone worker devices, thanks to the detailed information that IntelliCare collates.
3. Set Safe / No-Go zones to wherever the individual is working: indoors or outdoors, locally or remotely, altering them to any anomalies to location or routine.
4. Manage and monitor device usage and activity to ensure assets are being used.
5. Remain SLA compliant by evidencing proof of presence.

SPECS	
Size	52*38*17.5mm
Weight	50g

FEATURES	
IP Rating	IP67
Speaker	Yes
Microphone	Yes

TECH	
Signal	2G
GSM Freq.	Quad band GSM: 850/900/1800/1900Mhz
GPS	GPS/ AGPS / LBS/ WIFI positioning, Ublox-7020 chip.
Battery	Li-Polymer 420mah
Operating temp	-25°C ~ +65°C
Sensors	Accelerometer
